

# All About Seniors & Kimberly's Elder Care

## Fantastic Staff!

The cornerstone of our care home is our fantastic staff. Caregivers are long-term employees (as much as 14+ years); all staff are well-trained and qualified.

**Their patience, compassion and loving dedication to the seniors underlies our good reputation.** Seniors and their families highly regard the staff.

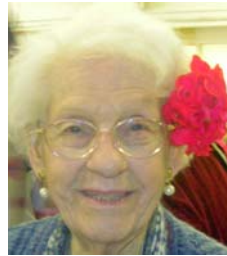

## Family Feel

The houses are inviting and homey because they actually *are* private homes in safe neighborhoods. **A true family atmosphere is pervasive as seniors enjoy American style home-cooked meals around the dining table.** And if you have a special request or a favorite food, you can tell Debra or Patrick directly.

## Our Philosophy

We treat our Seniors with utmost respect, preserving their dignity. We provide each of our residents with the excellent care and the individual attention they deserve as part of our commitment to the community we serve. Further, we are committed to continuing our education in geriatric care.

## Private Rooms

With a minimum **3:1 client to caregiver ratio**, two staff live onsite 24/7. It's their home too! This assures a personal level of care more reminiscent of a high-touch Bed and Breakfast. **Homes have all private rooms, bedside poles, and grab bars throughout.** To allow our seniors to age in place, one facility is dedicated to serving elders with advanced dementia.

The homes—established for 19 years—are licensed by California and in safe neighborhoods with secure perimeters.
